Certina Servicing

Your Certina watch requires servicing in London as internal components naturally wear out over time. The drying out of lubricating oils inside the watch can cause friction, leading to potential damage to the entire mechanism. Without proper maintenance, this can result in costly repairs. To ensure the longevity and accuracy of your timepiece, regular servicing is recommended to prevent such issues and preserve the performance of your Certina watch.

Certina Repair Services

Our skilled experts are well-equipped to handle a wide range of issues with both older and newer Certina watches. Services include watch glass replacement, hand restoration, and full overhauls. With quick turnaround times for Certina repairs in London, your cherished timepiece will be restored to its

original appearance and functionality, ensuring it continues to perform at its best.

Certina Watch Repair Coverage

Our Certina watch repair services near London cover a wide range of popular models. Our experienced team is skilled at repairing both current and discontinued models, restoring them to full working order, provided replacement parts are available. Whether your Certina is a classic or a modern design, we ensure your timepiece receives the care it deserves to perform at its best.

THE HISTORY OF Certina WATCHES

Certina is a Swiss watch brand founded in 1888 by Adolf and Alfred Kurth in Grenchen, Switzerland. Initially, the company focused on producing high-quality timepieces and was known for its precision. Certina gained recognition for its technical innovations, including the development of the DS (Double Security) concept in the 1950s, which enhanced the watch's durability and water resistance. The brand became part of the Swatch Group in the 1980s. Certina's reputation grew with its involvement in motorsports, sponsoring racing events. Today, Certina continues to offer robust and reliable watches, blending Swiss craftsmanship with modern technology.
