[How It Works](#)

Fjord Servicing

Your Fjord watch requires servicing in (London) as internal components inevitably wear out over time. The drying out of oils within the watch can lead to potential damage to the entire mechanism, incurring significant costs for repair.

Fjord Repair Services

Our knowledgeable experts proficiently handle various issues with both older and newer Fjord watches. Services offered include watch glass replacement, hand restoration, and complete overhauls. With swift turnaround times for Fjord repairs in (London), your valuable watch will regain its pristine appearance and functionality.

Fjord Watch Repair Coverage

Our Fjord watch repair services near (London) encompass all popular models such as Oyster, Explorer, Cellini, and Sky-Dweller (among others). Our staff is adept at repairing both current and

discontinued models to restore them to full working order, provided replacement parts are available.

Comprehensive Movement Repair & Overhaul

Fjord watches are known for their accuracy and quality. If your watch has begun losing time or its movement has become erratic, our expert technicians can give your watch a complete overhaul of the movement. It involves disassembling the watch, cleaning all the parts, replacing worn out components, and lubricating the movement to get the watch running like new. Whether you have a quartz or mechanical Fjord watch, our experts will ensure your watch runs smooth like new.

Battery Replacement & Quartz Movement Servicing

We replace batteries for Fjord quartz watches in a reliable and efficient manner. A watch will eventually run down after a period, and this compromises the accuracy of the watch. We replace the battery with high-quality, long-lasting ones that match the specifications of your watch. We also offer a servicing overhaul of your quartz movement to enhance functionality and thus longevity.

THE HISTORY OF Fjord WATCHES

Fjord Watches was founded with the vision of creating high-quality timepieces inspired by the beauty and precision of Scandinavian design. Established in the early 2000s, Fjord has gained a reputation for blending sophisticated craftsmanship with modern aesthetics. Known for their durable and reliable movements, the brand quickly became a favorite among watch enthusiasts. Fjord's dedication to using premium materials, such as sapphire crystals and stainless steel, ensures that each watch remains a timeless piece of elegance. With a focus on precision and innovation, Fjord continues to be a respected name in the watchmaking world.

Strap Replacement and Adjustment Services

A cracked or broken strap can ruin both the appearance and the feel of your Fjord. When you require a replacement leather, stainless steel or rubber strap that more accurately reflects you, we will supply

some of the world's finest. Or sometimes you just want a change in fit – our experienced watchmakers will size the strap to perfectly fit on your wrist.

Crystal Replacement & Restoration

Accidental drops or impacts can cause scratches or cracks on your watch's crystal, which reduces its clarity and appearance. We specialize in replacing or restoring your Fjord watch's crystal to its original condition. Whether it's a sapphire crystal or mineral glass, we use top-grade materials to restore your watch's beauty, making it look as good as new.

Water Resistance Testing & Seal Replacement

Fjord watches are built to last, but eventually, seals may wear out, and thus the water resistance of the watch goes down. We can make sure your watch is watertight by providing thorough water resistance testing and seal replacement services. This is particularly important if you are a diver or swim with your watch often.

How It Works

FAQs

How do I know if my Fjord watch needs repair?

If your Fjord watch is losing time, has a faulty strap, or has visible damage like a cracked crystal, it's time to get it repaired. Our experts can assess the issue and recommend the best solution.

How long does a movement overhaul take?

A complete movement overhaul usually takes between 5 to 10 business days, depending on the complexity of the repair. Our team works efficiently to restore your watch to optimal performance.

Can you replace the battery in a Fjord quartz watch?

Yes, we provide quick and reliable battery replacement services for all Fjord quartz models. We use

only high-quality, long-lasting batteries to ensure your watch runs accurately.

Do you offer warranty on repairs?

Yes, we offer a warranty on our repair services. The warranty duration varies depending on the type of service provided, but we guarantee the quality of our work.

What types of straps do you offer for Fjord watches?

We offer a variety of straps, including leather, stainless steel, and rubber options. You can choose from different colors, textures, and sizes to suit your personal style.

How do I know if my Fjord watch is water-resistant?

If your Fjord watch is labeled as water-resistant, it can handle a specific depth of water exposure. We provide water resistance testing to ensure your watch remains sealed and protected.

Can you fix scratches or cracks on my Fjord watch crystal?

Yes, we specialize in crystal replacement and restoration for Fjord watches. Whether it's a minor scratch or a major crack, we can restore your watch to its original clarity.
